ditzy™ cosmetics

Never Face the Day with Undefined Brows Again!

Created for women of all ages and hair color, the Natural Effect Brow Palette™ is the best solution for:

- thinning, fading, aging eyebrows
- mistakes such as over tweezed or over waxed brows
- no eyebrows at all
- undefined, sparse eyebrows
- small or large gaps in brows that need filling in

The fiber filled brow powders & sheer pomade restore a hair-like appearance as you fill in your brows! This combination produces a water-resistant & transfer resistant effect that can last all day until you wash it off with your favorite cleanser.

Tip: **Use the pomade first, before applying the powders.** This locks in the powders & also acts as a color adjuster. So the more pomade you apply, the deeper the color when applying the fiber filled brow powders.

Tip: Use the **rounded** end of the brush to dip into the **pomade**.
Use the **angled** side of the brush to apply the fiber filled brow **powders**.

Tip: **Blend the two fiber filled brow powders** to achieve a custom color.

Transfer Resistant ♦ Smudge Resistant ♦ Humidity Resistant ♦ Water Resistant
